

BUYER'S SOURCE

Resident Security

Products and services for the safety of your residents

CarePredict

www.carepredict.com
(800) 608-7188

CarePredict's AI platform and wearable products are used by senior living communities to provide high-quality care, and to predict when residents are at risk for falls or UTIs or are depressed.

EarlySense

[www.earlysense.com/
medical-services](http://www.earlysense.com/medical-services)
(781) 373-3228, ext. 212

EarlySense's contact-free, continuous monitoring system monitors residents' HR, RR and motion in bed or a bedside chair to assist in early detection of resident deterioration, potentially prevent rehospitalizations, and enable fall reductions and pressure ulcer prevention.

Rauland

[www.rauland.com/
healthcare/r5k/cnf/solutions](http://www.rauland.com/healthcare/r5k/cnf/solutions)
(800) 752-7725

Rauland is a leader in the design and delivery of critical communications, workflow and life-safety solutions. A proud pioneer in connecting residents with caregivers to improve the resident experience.

SafelyYou

www.safely-you.com
(415) 579-3630

SafelyYou removes the guesswork from unwitnessed falls in memory care. Our technology reduces falls by 40% and decreases the need for emergency medical services by 80%.

Systems Technologies

www.wirelessnursecall.com
(888) 826-3384

Integrated wandering patient-door controllers send alerts to cell phones and pagers when a tag is detected. Wired or wireless, locking doors or not, as desired.

TekTone

bhyder@tektone.net
(800) 327-8466

For over 45 years, TekTone® has designed and manufactured UL® Listed Tek-CARE® nurse call, wireless nurse/emergency call, Tek-SAFE® areas of rescue assistance systems, and Tek-ALERT® alert integration systems. TekTone® serves these markets globally.

Grow your knowledge,
development and clinical
excellence with NADONA.
